"Kaolin Suspension"

Kaolin 30g in a dry bowl
add slowly with constant
stirring, 90g of water,
then 10g of mucilage.
A fair even suspension
should result.

The Dose is a sherry glassful to a claret glassful
every 4 hours, according to the acuteness of the
symptoms.

Any good chemist will make this up.

The above was copied from Dr Cowans printed slip of instructions.
